

Item P12-0063

Cyclone Bender

Gardner Bender's B2000 Cyclone bender provides an easy to use tool for conduit bending. Bends 1/2" to 2" steel (Sch. 40 maximum) and aluminum rigid, IMC and EMT conduit all on one shoe. Also bends 1/2" to 1-1/2" PVC-coated conduit on EMT shoe. One shoe fits all conduit types and sizes, minimizing set up time. Can be used in horizontal or vertical working positions.

Item	Description	Attributes
