

Item P26-0078

Dap Weldwood Contact Cement

Neoprene rubber adhesive forms a permanent bond. This professional quality adhesive offers instant adhesion to eliminate the need for clamps or temporary fasteners. Use to bond high pressure laminates for countertops, tabletops and cabinets. A durable bond is formed when parts are assembled and momentary pressure is applied. Can be used to bond formica, wood and plastic veneers, paneling, carpet, leather, fabrics, rubber, paper, cardboard, polyurethane foam and other materials to wood, particle board, plywood, metal, concrete and similar surfaces. Dries in 15 - 20 minutes.
