

Item P21-0217

DBI Sliding Beam Anchors

Versatile size ranges to fit a variety of beams. Snap-in design of wear pads allows them to be replaced quickly in the field. 360-degree swiveling D-ring optimizes your mobility on the beam. Integrated dual ratcheting system. High-strength, lightweight steel and aluminum construction. Meets ANSI Z359.18 Anchorage Connector standard; OSHA 420 lb./ANSI 310 lb. ratings. For complete horizontal mobility, the Sliding Beam Anchor enables you to tie off overhead or at your feet with a lanyard or self-retracting lifeline. Enjoy total fall protection, along with freedom of movement, as the anchor effortlessly slides across the beam on its wear pads, eliminating metal-to-metal contact. Pins install from the top and have a built-in retention system to prevent pin loss or damage. Installs in seconds.

Item	Description	Attributes
21-0217		Beam Size-Flange Width: 3 1/2" - 14" Beam Size-Flange Thickness: up to 1 1/4"
21-0219		Beam Size-Flange Width: 12" - 30" Beam Size-Flange Thickness: up to 2 1/2"
