

Item P10-2684

DeWalt 10 Gallon Wet/Dry HEPA Vacuum

10 Gallon Wet/Dry HEPA dust extractor with automatic filter cleaning has a powerful 15 amp motor to deliver maximum suction and automatic filter cleaning every 30 seconds without stopping. Lightweight for easy transporting and heavy duty for jobsite durability. Power Tool Actuation controls the On/Off operations of the vacuum with a power tool. Meets the EPA Lead Related Renovations, Repair and Painting (RRP) rule for HEPA vacuum only when DWV9330 Filter is used (Filter included with unit). Variable suction controls vacuum's power consumption and amount of suction. Universal hose connector provides a robust connection with swivel capability. Heavy-duty wheels and casters provide job-site durability with multiple lift and tie down points to secure vac to scaffolding or during transportation. **Includes: (2) HEPA filters, anti-static hose, fleece bag.**
