

Item P10-1241

DeWalt 4 1/2" Angle Grinder

This grinder includes an 11 Amp/11,000 RPM motor designed for faster material removal and higher overload protection. A unique Dust Ejection System provides durability by ejecting damaging dust and debris particles that enter the tool through the air intake vents. Low profile gear case allows access into tight spaces while the Quick-Change wheel release allows tool free wheel removal without the need for a wrench. One-Touch Guard allows for 360 degree rotation of the guard in a single action. Keeping safety in mind, a Paddle switch with lock-off prevents accidental start up.

Specifications		
Maximum wheel diameter		4 1/2"
No-load speed (RPM)		11,000
Amps		11.0
Arbor size		7/8"
Spindle thread		5/8"-11
