

**Item P11-0085**

**DeWalt 5" Brushless Variable Speed Angle Grinder with Kickback Brake**

Minimize downtime with this 5" brushless variable speed slide switch small angle grinder with kickback brake. It has a brushless motor, meaning you never have to service it for brush replacements. The electronic Kickback Brake engages when a pinch, stall, or bind-up event is sensed, engaging with maximum force to quickly stop the wheel, reduce the movement of the grinder, and shut the motor off. POWER-LOSS RESET™ - The ON/OFF trigger switch has a no-volt release function. In the event of a power outage or other unexpected shut down, the trigger switch will need to be cycled (turned off and then on) to restart tool. Variable speed functionality lets the user adjust wheel speed for applications as needed. **Kit includes: grinder, side handle, hex key, inner and outer flange, 5 in. type 27 guard and pipeline cover**

Specifications	
Amp	13
Max Watts Out	1800 W
Spindle Thread	5/8 in. - 11 in
