

Item P11-6883
DeWalt FLEXVOLT® 60V MAX 11/4" Brushless SDS PLUS Rotary Hammer Kit

Capable of outputting up to 4.5 J of impact energy, this rotary hammer comes equipped with a DEWALT brushless motor and German-engineered mechanism for fast drilling and chipping in even the hardest concrete. The midweight design makes it ideal for structural connections, beam and column anchorage, rod hanging, seismic and safety attachments, and more. **Kit includes: Rotary Hammer, (2) FLEXVOLT® batteries, fast charger, 360° side handle, depth rod, and kit box.**
