

Item P12-1222

Economy Quartz Light With Stand

Precision die-cast aluminum housing with lightweight tubular frame and hinged door frame. Single captive screw latching allows for easy relamping. Rubber gasket insures weather tight seal. Has adjustable tab aiming handle to direct light up or down where needed. Lens is made of thermal tempered, shock and impact resistant glass. Safety wire guard included. Comes with 120 volt, 500 watt tungsten halogen lamp already installed, and a 6' long, 18/3 grounded cord. Color: Black. Imported.
