

Item P19-1450

360° Degree Tank Top Heater

30,000 – 45,000 BTU Liquid Propane Tank Top heater is the perfect solution for a variety of outdoor heating applications. This heater is constructed with an adjustable 360° burner head that swivels up to 180° which allows you to focus radiant heat in multiple directions. Easy to light due to the push button TE valve, and its high quality stainless steel components offer longer lasting durability and includes tip over safety shut-off switch.
