

Item P14-1660

Flat Top Box

The Flat-top design of this box provides for more storage of taller, bulkier items, also a large work surface for jobsite plans. Lock protectors are recessed and concealed for maximum security against drilling and cutting lock, and help prevent corrosion to the lock. Lid is reinforced with channels on lid lock side panels for added security when closed. High strength reinforced shelves and lower shelf is hinged for storage of larger objects. Side wall storage. Double hinge cover folds up and out of the way. Durable gas springs make opening the lid easier. Continuous, non-removable pin hinge helps to prevent theft. Built in 3-1/2" high support skids with holes for easy caster installation. **Optional casters sold separately.**

Recommended [Caster Set: 4"](#), [Caster Set: 5"](#), [Caster Set: 6"](#).
