

Item P10-1613

Fluke 902 True RMS HVAC Clamp Meter

Designed for HVAC applications with capacitance, DC Current (μ A), and temperature measurements. Small body and jaws fit perfectly in your hand and into tight places. Handy 'Display Hold' button keeps measurements on the display. Meter controls are positioned so current measurements can be done with one hand (index finger on clamp opening lever and thumb on rotary switch). Large, backlit display is easy-to-see in less than ideal conditions. Auto shut-off maximizes battery life so the meter works when you need it. **Includes: Test leads, temperature probe, soft carrying case, users manual, two AA alkaline batteries.**
