Item P11-6332

Greenlee Ratchet Cable Cutter

Features extra thick blades ground flat, reducing potential for blade damage. One handle is stationary while the other ratchets, allowing use in deep boxes or against walls. Anti-reversing mechanism ensures positive ratchet action. Molded rubber cover protects ratchet mechanism. Fiberglass handles. Cutting capacity for frequent use: 500 MCM copper and 750 MCM aluminum. Overall length: 19 1/8". Jaw opening: 1 3/16". Weight: 5.8 lbs. Model 774.
