

**Item P19-1214**

**Grinding Cup Wheels (Dry)**

Ideal for removing flash from concrete when forms are stripped. Good for chamfering, smoothing, and shaping concrete, masonry, and stone surfaces. Comes with a 5/8"-11" threaded arbor for fast and easy attachment. (Also eliminates the need to use a flange nut).

| Item    | Description | Attributes   |
|---------|-------------|--|
| 19-1214 |             | Size: 4" x 5/8"-11<br>Single Row: Yes<br>Premium-Side Winder: No |
