

Item P26-0469

Metacaulk® FRS Fire Rated Putty Stick

Available in two forms: **Putty Sticks and Putty Pads**. Putty sticks are used to seal around penetrating items through fire-rated walls, floors and within blank openings. Putty pads are used to maintain the hourly rating of fire-rated walls containing electrical metal and non-metallic outlet boxes and to reduce sound transmission. Hand moldable with no curing time. VOC compliant. **Putty Sticks & Pads are sold in full box quantities only.**
