

Item P14-2586

Milwaukee 50 lbs. Anchor Strap

Features an oversized d-ring that holds 5 carabiners to easily tether multiple tools while working at height. For added durability, the anchor strap is constructed with an abrasion resistant 840D sleeve. The anchor strap's loop securely wraps around beams and rails for maximum productivity. The green color coded lanyard allows for easy identification of the lanyard's weight rating. The lanyard has a max working capacity of 50 Lbs. and is ANSI/ISEA 121-2018 compliant.
