

**Item P71-8026**

**Milwaukee M18 FUEL™ 1-1/2" Magnetic Drill Kit**

Drills faster than the number one corded competitor, delivers the strongest magnetic hold on ¼" steel providing a safer drilling environment in this material, and drills over (66) 13/16" holes per charge. By utilizing permanent magnets, the magnetic base operates without electricity; ensuring that the magnet does not deactivate if the battery is drained. Equipped with Auto-Stop lift-off detection, power to the motor is automatically cut if excess rotational motion is detected while drilling. The M18™ REDLITHIUM™ HIGH OUTPUT™ XC8.0 Battery maintains full power and runs substantially cooler through heavy applications, allowing users to push their cordless tools harder and longer than ever before. **Includes: (2) M18™ REDLITHIUM™ HIGH OUTPUT™ XC8.0 Battery, M18™ & M12™ rapid charger, ¾" weldon to 1/2" chuck adapter, chuck key, magnetic lubrication tank, safety strap, 1" retractable pilot pin, and carrying case.**
