

Item P10-0936
Milwaukee M18 FUEL™ 3/8" Mid-Torque Impact Wrench w/ Friction Ring

Milwaukee M18 FUEL™ 3/8" Mid-Torque Impact Wrench w/ Friction Ring Kit delivers the best power to weight ratio, most access in tight spaces, and faster removal speed. It provides 600 ft-lbs of nut-busting torque and only weighs 5.0 lbs, making it extremely versatile, capable of performing a wide variety of applications. This MILWAUKEE® 3/8" Impact Wrench is the most compact in its class, giving you access to stubborn fasteners in spaces where larger impact wrenches can't fit without needing to disassemble components to reach bolts. Tri-LEDs surround the anvil to deliver brighter light with fewer shadows. 4-Mode DRIVE CONTROL™ offers greater precision with a range of pre-set RPM and IPM levels, selectable from a single button on the tool. **Includes: M18 FUEL™ 3/8" Mid-Torque Impact Wrench w/ Friction Ring, (2) M18™ REDLITHIUM™ XC5.0 extended capacity battery pack, belt clip and carrying case.**
