

Item P10-1047

Milwaukee M18™ 6 ½" Circular Saw

High performance circular saw that offers great durability for a cordless saw. Compact, lightweight design features a soft-grip handle for operator comfort. Electric brake stops the blade quickly. Magnesium guards and aircraft aluminum shoe for durability and accuracy. This tool works well for a variety of applications including plumbing, electrical, framing, finishing and carpentry. The M18™ battery has a fuel gauge that displays remaining run time. **Kit includes: 6 ½" Circular Saw, (2) 18V XC High Capacity REDLITHIUM™ batteries, 1-Hour charger, and contractor bag.**
