

Item P11-7215

Milwaukee M18™ Cordless 1/2" Hammer Drill/Driver (Tool Only)

Built with a Milwaukee® 4-Pole Frameless Motor, this M18™ cordless lithium-ion ½" hammer drill/driver delivers best-in-class 550 in-lbs of peak torque with the XC Extended Capacity REDLITHIUM™ Battery (sold separately). A variable-speed trigger provides speed control between 0-1,700 RPM on high speed and 0-550 RPM on low, with 0-29,000 BPM. This maneuverable, ergonomic hammer drill/driver is the only one in its class with an all-metal gear case for maximum durability, even on the most challenging worksites.
