

Item P11-2727

Milwaukee MX FUEL™ 20" Plate Compactor

MX FUEL™ 20" plate compactor with POWERSTATE™ Brushless Motor delivers the power to hit hard and travel faster for maximum productivity without sacrificing compaction performance. The plate compactor provides no gas headaches with push button start and no regular maintenance, reducing downtime and allowing you to get jobs done faster. Zero emissions offer a safer workspace indoors and in trenches. It also offers greater control with multi-direction capability and fast/ slow speed control for easier maneuverability around forms. The MX FUEL™ REDLITHIUM™ 12.0 Battery gives you 30 minutes of continuous runtime or 4,500 square feet per charge. REDLINK PLUS™ Intelligence ensures optimal performance and provides overload protection to protect your machine and battery during the toughest applications and is ONE-KEY™ Compatible. Includes: MX FUEL™ 20" Plate Compactor, (2) MX FUEL™ REDLITHIUM™ HD12.0 battery pack, and MX FUEL™ super charger.
