

Item P10-3104

Milwaukee Orbital Super Sawzall With Rotating Handle

The Milwaukee rotating handle Orbital Super Sawzall® Reciprocating Saw provides the ultimate in power and versatility. 360° rotating handle locks at 45° increments and can continuously rotate without going back to starting position. The trigger can stay on while rotating providing optimal user comfort in various cutting applications. The saw has a high powered 13 amp Milwaukee built motor for fast orbital cutting action. The variable speed trigger provides 0 to 3000 strokes per minute with a 1 1/4 in. stroke. Other features include a speed dial for repetitive cuts, counter balance for smoother operation with less vibration, and gear protecting clutch for longer tool life. A Quik-Lok™ blade clamp provides fast and easy blade changes. The 6523-21 also has a Quik-Lok® cord for easy field replacement and comes with an impact resistant carrying case!**Includes carrying case.**
