

Item P10-3115

Milwaukee Sawzall®

Original design Sawzall with a 3/4" blade stroke and a more powerful 12 amp motor. Adjustable pivot shoe allows plunge cutting. Milwaukee's Quik-Lok™ Blade Clamp system makes blade changes quick and easy. No more hex keys! A simple twist of a collar locks the blade firmly in place. Also allows blade to be reversed for cutting upside down and in confined areas. Variable speed trigger control: 0-3,000 SPM. 8' long rubber cord**Includes carrying case.**
