

Item P18-0019

Minute Mend

This two-part epoxy putty permanently repairs scratches, gouges, and holes in drums, tanks, pipes, castings, molds, sinks, tubs and leaky gaskets. Perform routine electrical jobs such as mounting terminal blocks, packing wires, and repairing breaker boxes. Ideal for stopping leaks, can be used under water. Can be tapped, sawed, drilled, machined, stained or painted. Comes in a convenient 2 oz. one piece stick and is ready to use in less than one minute.
