

Item P15-3061

Monarflex Scaffold Sheeting

Super T Plus scaffold sheeting systems are easy to install, exceptionally durable, and reusable. Grommet patterns are engineered to meet industry standard scaffolding configurations making installation quick and dependable. Innovative grommet system does not require "punch holes". Lightweight, high strength, multi-layer extruded LDPE. Flamesafe material prevents flame propagation, Passes Boston Fire Test and Passes NFPA 701 Flame Test.
