AC/DC Voltage Tester with GFCI

Measures AC/DC voltage and polarity. LCD and dual color LEDs for easy readout. Selectable shaker feature when measuring AC voltage. Overvoltage warning gives user visual notification that voltage levels have exceeded 1000V AC/ 380V DC. Auto-hold automatically activates when tester is removed from voltage reading. Continuity test and single probe detection of live conductors for added flexibility. Safe, non-contact voltage detection. GFCI test capability eliminates the need for additional testers. Visual and audible continuity. Includes test leads, (2) AAA batteries and carry case. Manufactured by Greenlee.
