

Item P89-2056

Paslode Cordless 18 Gauge Brad Nailer

Lightest Cordless Brad Nailer at 4.5 lbs, which means less fatigue and better control when working overhead and in tight spaces. Flawless finish and accurate placement for quality finish on fine trim. 7.4V Li-ion battery lessens your downtime with 12,000 nails per charge. The battery standby position secures the battery in an "off" position to conserve the battery power. An easy to adjust tool free depth of drive. The reversible belt hook easily adjusts and keeps both hands free with the tool always at your side. The no mar tip protects premium wood. No hoses, no compressors to set up or tear down means that you. **Includes: Rechargeable battery, rugged case with convenient storage compartments for fuel and fasteners, no mar tip, clear safety glasses, easy-to follow manual, quick reference set-up and cleaning guides.** **Note: Fuel cell must be purchased separately.**
