

**Item P18-0201**

**Permatex 270 Threadlocker Red Gel**

A high-strength, permanent threadlocker in a Gel Twist™ applicator. This will not drip or run like traditional threadlockers. Stays on the part where intended, reducing waste and making it great for vertical applications. The extended nozzle allows for easy application in hard-to-reach areas. Used for fasteners 3/8" to 1" diameter. Size: 10 gm. applicator bottle.
