

Item P21-1700

Pipefix® Pipe Support System

For lavatory or sink rough-ins. Holds and aligns 1/2" and 3/4" supply lines with waste pipe, particularly in tight applications. Only 3 1/2" of wall clearance is required to mount the Pipefix. The support is pre-slotted to hold supply piping 4", 6" or 8" apart. Attaches to 1 3/8" through 6 5/8" O.D. vent or waste piping by means of a stainless steel band. Standard package includes one 7" Quik-Lok stainless steel band, two 1/2" - 3/4" clamps and attaching screws. Made of polystyrene. Color: Yellow.
