

**Item P99-4060**

**Pop-Toggle™**

**Base Material:** Gypsum Wallboard, Plaster, some Hollow Masonry  
**Size Range:** Wall thickness from 1/8" to 3/4", No. 6 to No. 14 wood or sheet metal screws

**Anchor Material:** Plastic  
Pop-Toggle fasteners are hollow wall anchors ideal for static applications requiring light to medium load performance. Installation is very fast, needing a pre-drilled 5/16" diameter hole. The fastener pre-installs without a screw, allowing for easy placement and removal of the fixture. Pop-Toggle fasteners are not recommended for use overhead or applications where holding values are critical.

| Item    | Description       | Attributes    |
