

Item P18-0250

Rebar Green Epoxy Paint

A high performance, single system epoxy coating that is specially designed for touch up and subsequent protection of rebar. Prevents rust and resulting stains when applied to rebar before setting in concrete. Meets ASTM D3963 specifications. Excellent color retention with a tough, durable finish. Prevents oxidation with touch up of sheared ends, cut and other exposed areas. Performs at temperatures up to 300° F. 16 oz. aerosol can.
