

Item P13-9979

Rebel 33 ft. Self Retracting Lifeline (Cable Lanyard)

The Rebel™ Self-Retracting Lifeline is built to last providing an economical fall protection solution without compromising performance or safety. 3/16" galvanized steel cable for added corrosion resistance. Features thermoplastic housing that is lightweight, compact and durable. Higher weight capacity; 420 lb. capacity for operator and tools. Swiveling anchorage and hook limits lifeline twisting. 3,600 lb gate capacity reduces chance of accidental disengagement ("roll-out"). Meets all applicable industry standards including OSHA and ANSI Z359.1. Weight: 13.5 lbs.
