

Item P11-6235

Ridgid No. 226 Soil Pipe Cutter

Compact, lightweight tool designed to cut soil pipe in tight quarters. Only 17" long, the Model 226 is perfect for cutting cast iron, concrete, and clay pipe where space is limited. Perfectly suited for overhead and against-the-wall applications. Easy to operate with rotating hooks allowing for fast, safe, and easy latching. Exclusive multiple action feedscrew can be actuated with the standard 1/2" female ratchet, a 1/2" hex wrench or any adjustable wrench. Ratchet included. Expand the capacity of the Model 226 by purchasing a Chain Extension Assembly. Weighs 18 lbs.
