

Item P13-0182

Roust-A-Bout

Enables one person to lift a 1,500 lb. load to heights up to 25 feet in minutes. Load can be moved vertically and horizontally at the same time. Works well in tight locations. Dual winch permits the operator to first position the mast at the desired height, then devote full attention to lifting the load. Mast and base sections separate quickly for ease of transportation and storage. Supplied in three pieces; mast, base, and wheel kit.

Item	Description	Attributes
13-0182		Min Height: 79" Max. Height: 15' Base Size: 32" x 40" Weight: 330 lbs.
13-0183		Min Height: 79" Max. Height: 15' Base Size: 40" x 40" Weight: 336 lbs.
13-0184		Max. Height: 25' Base Size: 60" x 60" Weight: 493 lbs.
