

Item P26-0488

Sika® Level-325

Sika® Level-325 is a one-component, durable and versatile cementitious underlayment for interior and exterior concrete and cementitious substrates. It can be applied manually or by pump to produce a self-smoothing, rapid-setting and flat substrate prior to the application of a final floor finish. Typical application thickness is 1/8" up to 1-1/2" (3 up to 38 mm). 55 lb. bag
