

Item P13-0877

Southwire 1000-Watt Halogen Twin Head Tripod Work Light

Southwire 1000-Watt Halogen Twin Head Tripod Work Light comes equipped with a portable sled base and telescoping tripod stand. The comfort grip heavy-duty handle makes transporting easier, and it telescopes from 40-67-inches with easy grip locking nuts. Waterproof on/off switches give you individual control of the lights and the hinged face and tempered safety glass offers both safety and versatility. This UL and CUL listed 2-in-1 fixture comes with (2) 500-watt quartz halogen bulbs, extra bulb storage tube, shadow fighter grill and a 5-foot grounded power cord. 16,000 lumens.
