

**Item P22-0092**  
**ALTAIR® 4XR Multigas Detector**

Stay connected with alerts from the field including: live gas readings, InstantAlert™ distress calls, MotionAlert™ man-down alarms, and non-compliance warnings. Can survive an incidental 25-foot drop onto concrete. Dust and waterproof IP68 rating. Operating temperature range: -40°F to +140°F. Sense gas two times faster than the industry average with XCell sensors. Confirm compliance quickly with the Bump LED and on-screen checkmark. Bump and calibrate with 1/2 the test gas and in 1/2 the time vs. industry average. User-activated InstantAlert notifies others of a potentially dangerous situation. Survives 25 drops from 4 feet (MIL-STD-810G 516.6 Transit Drop 3rd Party Certified).
