

Item P26-0229

Specseal® Elastomeric Firestop Spray

SpecSeal® Elastomeric Spray is designed primarily for the protection of construction joints, curtainwall safing gaps, and certain through-penetrations. SpecSeal® Elastomeric Spray is a latex based coating engineered to adhere to virtually all construction surfaces and may be applied using airless spray equipment or with a brush (for small applications or touch ups). Resistant to water and will not re-emulsify after drying. SpecSeal® Elastomeric Spray contains no inorganic fibers, asbestos, solvents. UL Classified and FM approved.
