

**Item P14-5001**

**Squids Swiveling Glove Clip Holder with Dual Clips**

Dual clip model connects to clothing, belt loops, tool belts, d-rings and more. Swiveling design prevents the grabber and the gear being held from getting bound up. Ultra-resilient acetal copolymer and thermoplastic polyurethane materials are non-conductive and temperature resistant. Breakaway design for safety around moving parts or other catch hazards (Average breaking strength = 12.5lbs).
