

Item P19-1375

Standard Turbo Diamond Blades

Our most economical blade designed for cutting, brick, block and concrete with soft and medium aggregate characteristics. Turbo style design cuts faster and smoother than segmented style blades. (However, segmented blades will yield greater life).

*Requires a flange kit (item #10=1511) when used with 7" or 9" angle grinders.

Item	Description	Attributes
19-1375		Diameter: 4 1/2" Arbor Size: 7/8"
19-1376		Diameter: 5" Arbor Size: 7/8"
19-1377		Diameter: 6" Arbor Size: 7/8"
