

**Item P14-0864**

**Stik 'N Zip**

All weather entry and exit system is the easiest and most economical way to protect your construction area from unwanted dust, dirt and heat loss. Stik 'N Zip is a double sided zipper system that permanently attaches to your existing plastic sheeting, allowing you to create any size or shape opening you need. Installation is fast and easy, with no special tools required. Once installed, the zipper can be opened and closed from either side. 7' zipper.
