

Item P15-2038

Stretchfilm Hand Pallet Wrapper

Makes dispensing and wrapping palletized material quick and easy, minimizing time and waste. Features thick rubber grips for long lasting wearability and comfort. The thrust bearing assembly is specifically designed to provide constant tension control. Slotted high density polyethylene collar for low friction and fast, easy loading of film rolls. Accommodates 12 1/2" to 20" wide rolls of stretchfilm. Heavy duty diecast aluminum base. [Stretch film](#) sold separately.
