

Item P12-2282

Wobblelight® Fluorescent Jobsite Work Lights

The 27" tall, patented self-righting Wobblelight® Jr. is a work light that can take a rough handling on and off the jobsite. These high-output lights are ideal for applications requiring temporary lighting in areas up to 35 feet in diameter. Bright and dependable, the Wobblelight® Jr. delivers maximum light output with no hot surfaces.
