

Item P12-1685

Wood Hole Cutters

Drills ten times faster than hole saws. A durable, cost-effective and time-saving solution for repetitive hole cutting. Three hardened steel teeth provide a more solid surface for nail and knot impacts, extending the life of the teeth. Cuts more than 600 holes before resharpening is needed. **Use special Hole Cutter arbor (Item 12-1695) and special spade style pilot bit (Item 12-1648).**

Item	Description	Attributes
12-1685		Diameter: 2 1/8" For Standard Pipe Sizes: 1 1/2"
12-1686		Diameter: 2 1/4" For Standard Pipe Sizes: 1 1/2"
12-1687		Diameter: 2 9/16" For Standard Pipe Sizes: 2"
12-1688		Diameter: 2 3/4" For Standard Pipe Sizes: 2"
12-1689		Diameter: 3 3/8" For Standard Pipe Sizes: 3"
12-1690		Diameter: 3 5/8" For Standard Pipe Sizes: 3"
12-1691		Diameter: 4" For Standard Pipe Sizes: 3"
12-1692		Diameter: 4 5/16" For Standard Pipe Sizes: 4"
12-1693		Diameter: 4 5/8" For Standard Pipe Sizes: 4"
12-1694		Diameter: 5" For Standard Pipe Sizes: 4"
