

Item P10-4006

"Slicer" Cutting Wheels For Grinders

These ultra-thin slicer wheels cut faster than any abrasive wheel on the market. Reinforced for safety, tough for a good wheel life. Excellent for cutting threaded rod, bolts and rebar. Designed for use with 4 1/2", 5", and 6" angle grinders, and straight die grinders.

Item	Description	Attributes
10-4006		Diameter: 3" Width: .040" Bore: 3/8" Application: Steel/Stainless Steel Max RPM: 25,000 Qty. Per Box: 100
10-2551		Diameter: 3" Width: 1/16" Bore: 1/4" Application: Steel/Stainless Steel Max RPM: 25,000 Qty. Per Box: 50
10-4005		Diameter: 3" Width: 1/16" Bore: 3/8" Application: Steel/Stainless Steel Max RPM: 25,000 Qty. Per Box: 100
10-2524		Diameter: 4-1/2" Width: .045" Bore: 7/8" Application: Ferrous and/or non-ferrous metals Max RPM: 13,300 Qty. Per Box: 10
10-4007		Diameter: 4" Width: .040" Bore: 3/8" Application: Steel/Stainless Steel Max RPM: 22,000 Qty. Per Box: 50
10-2559		Diameter: 4 1/2" Width: .040" Bore: 7/8" Application: Steel/Stainless Steel Max RPM: 15,000 Qty. Per Box: 100
10-2523		Diameter: 4 1/2" Width: .045" Bore: 7/8" Application: Long Life Slicer - Steel / Stainless Steel Max RPM: 15,000 Qty. Per Box: 100
10-2519		Diameter: 4 1/2" Width: .045" Bore: 7/8" Application: Steel/Stainless Steel Max RPM: 13,300 Qty. Per Box: 50
10-2521		Diameter: 5" Width: .040"

		Bore: 7/8" Application: Steel/Stainless Steel Max RPM: 12,225 Qty. Per Box: 50
10-2520		Diameter: 6" Width: .040" Bore: 7/8" Application: Steel/Stainless Steel Max RPM: 10,200 Qty. Per Box: 50
10-2522		Diameter: 6" Width: .045" Bore: 7/8" Application: Steel/Stainless Steel Max RPM: 10,200 Qty. Per Box: 50
10-2502		Diameter: 6" Width: .045" Bore: 7/8" Application: Steel/Stainless Steel Max RPM: 10,200 Qty. Per Box: 50
