

Item P16-0729

Armorgard Cuttingstation™

Do away with makeshift solutions. The CuttingStation is your new, instant cutting room! Full of features that enable you to cut materials efficiently and safely at working height. Sparks, noise and debris when you're cutting? PVC curtains contain sparks, whilst the sound-deadening fire rated foam reduces the decibels and the debris collector keeps shavings and dust to a minimum. With lighting, power and a secure lockable cabinet; it's the jobsite unit that has it all in one and keeps you working. Set up anywhere! By crane, caster or forklift, the CuttingStation is there where you need it, when you need it.
