

Item P14-0985

Automatic Spot Protection - Mini-Guards

Designed for single unit installation. Mini-Guard automatic spot protection extinguishers provide supplementary fire protection suitable for local and total flood applications. They are designed, constructed and tested to the same engineering standards as our portable fire extinguishers. Typical uses include dedicated protection of specialized equipment or specific fire risk areas such as flammable liquid storerooms **Not intended as a substitute for automatic sprinkler systems, fixed pre-engineered or engineered extinguishing systems.** Vertical and Horizontal options. Units can be charged with multipurpose (ABC) dry chemical and are fitted with detection sprinkler head that is rated at 165° F.

Item	Description	Attributes
14-0981		Orientation: Vertical Capacity: 20 lb. Length: 21.875" Diameter: 7.5" Max Total Flood Volume: 2184 cu ft. Max Total Flood Height Above Hazard: 14 ft.
14-0985		Orientation: Horizontal Capacity: 20 lb. Length: 21.875" Diameter: 7.5" Max Total Flood Volume: 2184 cu ft. Max Total Flood Height Above Hazard: 14 ft.
14-0975		Orientation: Heavy Duty Mounting Bracket Required on item 14-0985
