

Item P13-0177

Big Vee Jack Stand

Used as a Jack stand, the basic Big Vee safely handles large diameter pipe up to 36". The 1-3/4" Vee-head shaft permits the welder to position loads up to 2,500 lbs. with ease. The stand is made of heavy duty 1" square leg tubing. The Vee is 12" long and it has a wide base for excellent stability.
