

Item P10-1132

Bosch 18V Impactor™

Bosch's Lithium-Ion Impactor™ Driver Has a hammer and anvil system which produces 1,500 in.-lbs. (125 ft.-lbs.) of dynamic torque. Impact drivers are designed and best for driving fasteners. The impact mechanism is spring loaded to reduce operator fatigue. Compact design offers increased maneuverability in tight spaces. LED light for use in dark or enclosed areas. **Kit includes: 18V Lithium-Ion Impactor, (2) Batteries, 60-minute Lithium-Ion Battery Charger, Double-ended Phillips Bit, Belt Clip, and Carrying Case. Available with SlimPack or FatPack batteries.**

Model #	25618-02
Specifications	
Drive	1/4" Hex
Impact Rate	0-3,200
Length	5.7"
No Load rpm	0-2,800
Torque	1,500 in. lbs.
Voltage	18V Lithium-Ion
Tool Weight	3.8 lbs.
