

Item P10-3307

Bosch 2 HP Router

Features a coarse and micro-fine bit depth adjustment system with re-settable depth indicator for fast, precise depth adjustment. Precision centering design makes it easy to keep bit on intended cutline when using jigs, templates, dovetail fixtures and similar guidance devices. Large 3 3/4" base opening plus 2" subbase accepts large bits. Right or left switch location. One piece armature shaft for accuracy and long bit shank capacity. Classic hardwood handles. Variable speed (8,000-25,000 rpm) with a soft start which gradually brings the tool up to full power for easier handling and safety. Includes 1/4" S.R. collet chuck, 1/2" S.R. collet chuck, 16mm shaft wrench, collet nut wrench, chip shield, 10 Ft flexible rubber cord, fixed base and T-handle hex height adjustment wrench.
