

Item P10-1745

Bosch 36V Lithium-Ion Reciprocating Saw (Bare Tool)

Two-speed settings, one at 0-2,400 SPM and one at 0-3,000 SPM. Soft-grip handle provides increased comfort and control for a longer use. Spring-loaded battery insertion, makes it a snap to engage and replace battery. The collar uses a great ergonomic grip, giving better control to the user. LockJaw™ enables you to engage and withdraw the blade with a single hand. Open toe for better line of sight. Up to 3,000 SPM motor is ideal for cutting wood, metal or plastic. **Bare tool only**, battery, *charger and accessories sold separately*.
